ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS

Message from the Chair
Robert G. Power

The Foundation concluded the fourth year of its expanded mandate on a very positive note with the Board of Directors endorsing new and more focused program goals. These goals clearly articulate our strong commitment to local communities and the important work of registered charities and incorporated not-for-profit organizations in Ontario.

The Foundation's new program goals are to:

- Build healthy communities and strengthen volunteerism;
- Increase accessibility and celebrate Ontario's diversity;
- Stimulate economic growth and innovation.

Our focus on these goals provides a framework for our work in our four key granting sectors — Arts & Culture, Sports & Recreation, Environment and Human & Social Services.

Since April 1999, the Foundation has awarded nearly 6,000 grants totalling over $380 million. We have invigorated the arts and culture sector with close to $83 million in funding and contributed $35 million to the not-for-profit environment sector. Human and social services benefited from $190 million in grants; sports and recreation received more than $72 million.

During 2002-2003 the Foundation invested $98,519,400 in 1,558 grants to organizations within these sectors reflecting the diverse spectrum of interests, people and communities in Ontario. Our aim is to build healthy, caring and economically strong communities.

As a result of research conducted with stakeholders during 2002-2003, changes to our granting program will give small municipalities the opportunity to benefit from our funding in the Arts &Culture and Sports & Recreation sectors. This change is especially welcomed in communities that do not have the infrastructure of incorporated not-for-profit organizations to apply for grants in these sectors.

Our one-time Strategic Granting Initiative for Library Boards serving municipalities of 20,000 or less, to be introduced April 1, 2003, also fits within this approach. The initiative will allow libraries to seek a one-time grant of between $5,000 and $15,000 to build their collections, enhance community programming, undertake capital projects, deliver training or acquire technology. This initiative supports the important role that libraries play in building healthy, caring and economically strong communities.

Among the many highlights of 2002-2003, I had the honour of joining our new Minister, the Honourable David H. Tsubouchi, Minister of Culture, as the co-host of our "Great Grants, Great Results" Awards. This celebration showcased the achievements of grantees from across the province. We highlighted the results of five grantee organizations that made a significant and lasting difference in their communities.

While it is very satisfying to look back over a year of such achievements, many more of which are described throughout this report, I am particularly proud to acknowledge those who have contributed to our collective accomplishments.

We are grateful to our funder, the Government of Ontario, the Ministry of Culture and the Honourable David H. Tsubouchi for their continuing financial commitment, practical support and guidance. We are fortunate to benefit from the commitment of 350 of our own volunteers, members of our Board and the 16 Grant Review Teams, who devote countless volunteer hours to the work of the Foundation and their local communities.

We are also fortunate to be supported by capable and professional staff across the province, led by Chief Executive Officer, L. Robin Cardozo. They ensure we have the resources and tools we need to fulfill our obligations as effective stewards of public funds and I would like to acknowledge their fine work.

I look forward to embracing the challenges that lie ahead and to working with our dedicated Board, outstanding volunteer leaders and capable staff to continue to build healthy, caring and economically strong communities in Ontario.

Robert G. Power
Chair of the Board

Message from the Chief Executive Officer

L. Robin Cardozo

The conclusion of our fiscal year provides a welcome opportunity for analysis and reflection. It is a time to measure our achievements against our targets and to consider how well we have served the interests of our stakeholders. It is also a time to recognize those who have contributed to our success or made our work more satisfying and meaningful in the process.

In reviewing the accomplishments of the past year, I observed that most were the result of successful collaborations and teamwork between the Foundation's volunteers and staff. Over the past four years, since the adoption of our expanded mandate, we have grown in exciting ways.

As a result, we have met our granting targets, reached out to not-for-profit and charitable organizations across the province, and worked to enhance the Foundation's performance in an open and transparent way.

One of the "secrets of our success", which I gladly share, lies in our belief that our work is best accomplished at a local level. By creating local awareness we have empowered more individuals, organizations and communities to fulfill their dreams and ambitions. Another "secret" has been our ability to support this on-the-ground local presence with sophisticated technology and communication tools that enhance the performance of the entire organization and our grantees.

I would like to thank the Minister of Culture, the Honourable David H. Tsubouchi, and Deputy Minister Terry Smith for their support and encouragement. We have also benefited from the outstanding leadership of our Chair, Robert G. Power, and the leadership and counsel of our Board of Directors. We are thankful for the contributions and commitment of the volunteer members of our 16 Grant Review Teams who so ably represent the Foundation across the province and whose grant recommendations are at the heart of our work.

Finally, the efforts of our volunteers and the work of the Foundation are consistently well supported by a professional staff, whose commitment and dedication to our mission are second to none.

As you review the summary of 2002-2003 achievements that follows, we have already embarked on Year Five of our expanded mandate, a year that holds new promise and new challenges. I am confident that, working together, we will continue to accomplish our goals and deliver exceptional value to our funder and our stakeholders across Ontario.

Financial Report
Ontario Trillium Foundation
March 31, 2003

Report on Financial Performance

- In 2002/03, the Ontario Trillium Foundation received $100 million from the Ministry of Culture for its Community and Province-Wide Grants Programs. (The $102.3 million referred to in the Statement of Operations includes unspent funds brought forward from previous years.) Other revenue sources include investment income ($4.7 million) and funds made available as a result of rescinded grants ($1.7 million)

- Of this funding, $97.5 million was pledged for Community and Province-Wide grants, and grantmaking expenses and support services together amounted to $9.7 million.

- The Foundation also pledged $992,500 in Partnership Program grants, for a total granted in 2002/03 of $98.5 million.

- At March 31, 2003, the Foundation held approximately $121.5 million in investments, in short-term treasury bills and bankers' acceptances. The majority of these funds ($111.7 million) are committed to multi-year grant pledges and are invested to maximize interest income for the Foundation. Investments are made under the policy direction of the Ontario Financing Authority.

- Accumulated net assets at year-end totaled $9.0 million, of which approximately $1.0 million was invested in capital assets and $8.0 million represented unrestricted assets. Future investment income from the unrestricted assets will contribute towards the Foundation's operating expenditures, thereby continuing to maximize the funds available for grants.

- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.

- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.

AUDITORS' REPORT

To the Board of Directors of the
Ontario Trillium Foundation

We have audited the balance sheet of the **Ontario Trillium Foundation** as at March 31, 2003 and the statements of operations and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2003 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario), we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS

March 31, 2003

1. PURPOSE

The Ontario Trillium Foundation ["OTF"], an agency of the Ministry of Culture [the "Ministry"], is financially supported by the government of Ontario. OTF began operations as an arm's length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to work with others to make strategic investments to build healthy, caring and economically strong communities in Ontario.

2. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

Revenue recognition

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributions externally restricted are deferred and recognized as revenue in the year in which the related expenses are incurred.
